It's About Time Work Brought You Home

Why CrestHill?

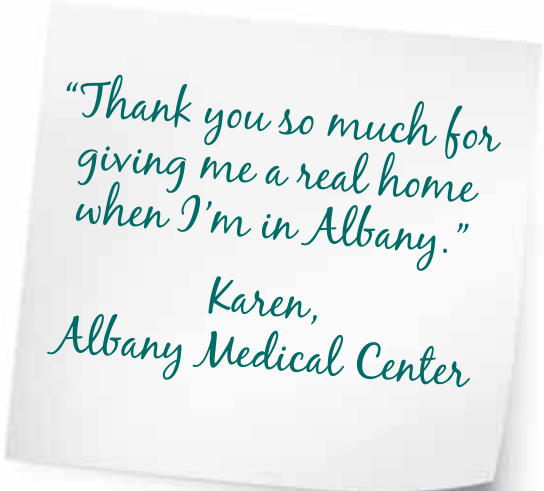

When you walk in the front door at home, you're not greeted by a stuffy employee wearing a bowtie. You don't have to walk down a long hallway and feel uncomfortable about getting a late night snack in your PJs. You can open the window for a breath of fresh air, slip on your slippers and relax after a long day of work. Same goes for your stay at CrestHill Suites.

We are not a large chain hotel with layers of regulations. We are privately owned and operated, and have designed our apartment-style suites with our long-term business travelers in mind.

Unlike other hotels, our staff will do whatever it takes to make your stay just like home. We've designed our spacious front lobby to be a comfortable living room, a place where you can gather with your co-workers or other guests and relax by the fire or enjoy our social fare every evening, Monday-Thursday. Plus, you never know when someone may be on the patio, grilling up something tasty in the summer!

From providing you with spacious bedrooms and your own personal, full-sized refrigerator with an ice machine, to our overall secure facility - no matter why you're traveling or how long you'll be here - you'll feel like you're home.

Two-Bedroom Suite

The two-bedroom is the perfect suite when traveling with others. There is plenty of space to spread out and find your own private spot to call your own, but you can still enjoy the company of your travel companions. A fully equipped kitchen can accommodate any of your group's dining desires. Kick back in the living room and take in a movie before bed or chat over coffee in the morning. And don't worry about fighting over the bathroom – two full and spacious bathrooms will make everyone's morning routine virtually seamless.

*"They provide a whole kitchen
in your room so you can
prepare your own meals if you
wish. I'm looking forward
to making myself breakfast
tomorrow morning."*

*Joseph, NYS Division of
Parole*

One-Bedroom Suite

The one-bedroom suite is perfect for extended stays. Picture this: Large bathroom, big living space, gigantic bedroom, full kitchen... You get the point! You will never feel like you're cramped in an uncomfortable hotel room when you travel and stay at CrestHill Suites. Open your window for some fresh air and check out what might be on the grill for the CrestHill happy hour. It won't take long for you to feel like you're home, even if you're miles away.

"They have really great people working here...very professional and nice! The room size is very large; you're able to move around and feel comfortable."

Dennis, Siemens

Studio Suite

The studio suite is just what you need if you're traveling for a quick business meeting. And the "s" in "studio" does not stand for "small." In fact, it stands for "spacious." These roomy accommodations offer a fully equipped kitchen with dining area AND a living area along with your bedroom.

You'll feel like you never left home the minute you enter your cozy room. Whether you need to prepare for that business presentation or iron your tuxedo or dress for the annual banquet, CrestHill's studio has plenty of space to fit your travel needs.
